

Mini tractor trailer TP250-DRB

(EC0350TI)

A multi-functional tractor trailer with a strong construction, designed for the transport of special equipment (mini loaders, excavators, etc.). The trailer driveways ensure a gentle approach angle for easy and quick loading of equipment.

Hot-dip galvanized metal, suitable for Nordic conditions, has been used in the manufacture of the trailer. Waterproof hubs ensure a longer life for the bearings. The cargo box of the trailer is equipped with belt loops for securing the load securely. Driveways with supports support the trailer when loading. Metal fenders and tool boxes that can withstand being stepped on make the trailer more convenient to use.

Upgrade your trailer with [accessories](#) for the best user experience.

Tehnilised andmed

Kasti laius (m):	1.27
Kasti pikkus (m):	2.49
Raam:	Welded
Täismass (kg):	2750
Tühimass (kg):	405
Kandevõime (kg):	2345
Poordikõrgus (m):	0.16
Haagise pikkus (m):	4.42
Haagise laius (m):	1.76
Sild:	2 x torsion
Pidurid:	YES
Rehvid:	155/70 R12C 104N 5 x 112 M+S
