

Mini tractor trailer TP250-RB/1800kg

(EC0368TI)

A trailer built on a hot-dip galvanized welded frame, designed for the transport of special equipment (mini loaders, excavators). The standard stationary tailgate driveway ensures easy and quick loading of equipment. Also suitable for loading tricycle equipment. The details and components of the trailer are specially designed to ensure the operation of the trailer in difficult conditions. To ensure the load is properly secured, the trailer is equipped with strong fastening eyes. The bottom of the truck is covered with a stretched sheet net.
