

Mini tractor trailer TP300-DRB 3500kg

(EC0369TI)

A multi-functional tractor trailer with a strong construction, designed for the transport of special equipment (mini loaders, excavators, etc.). The details and components of the trailer are specially designed to ensure the operation of the trailer in difficult conditions. Laterally adjustable driveways with supports ensure simple, quick and safe loading of equipment.

Hot-dip galvanized metal, suitable for Nordic conditions, has been used in the manufacture of the trailer. Waterproof hubs ensure a longer life for the bearings. The cargo box of the trailer is equipped with belt loops for securing the load securely. Metal step-resistant fenders and step boards enable more comfortable use of the trailer.
